

This gel depicts the NEB 1kb ladder and a digestion of the plasmid lenti-sgRNA hygro with the following enzyme: Nde I.

**Plasmid 104991:**  
lenti-sgRNA hygro

DNA digested with a Nde I single digest for **2 hours**.  
Gel: 0.8% agarose stained with 5 uL of ethidium bromide.  
Ran for 1.5 hours at 100 volts.
