

This gel depicts the NEB 1kb ladder and a digestion of the plasmid pET263-pUC57 24xMS2V7 with the following enzymes: BglII.

Plasmid 140705:
pET263-pUC57 24xMS2V7

DNA digested with BglII single digest for **2 hours**.
Gel: 0.8% agarose stained with 6 uL of ethidium bromide.
Ran for 1.5 hours at 100 volts.
